Secure Alzheimer’s/Dementia Unit at Medford Multicare Center

Medford Multicare Center for Living offers a dedicated secure unit for Alzheimer’s and Dementia patients who wander or require a higher level of personal care. Medford Multicare Center’s goal is to provide the best quality of life possible based on each individual’s capacity and to give their family members a piece of mind.

Medford Multicare Center for Living cares for Alzheimer’s and Dementia patients of all functional levels. Each resident is evaluated by their interdisciplinary team to determine the individualized care needed. They focus on depression and behavioral problems, and their Psychiatrist comes weekly to see residents. Medford aims for minimal medications and increased activities for behavioral issues.

Socialization with peers and activities are an important part of life at the facility. Their staff encourages socialization and participation as much as tolerated to promote an active lifestyle. Medford’s unit has a private, gated patio where outdoor events are held. They have recently installed a wheelchair garden where residents grow fresh vegetables and herbs. Medford Multicare Center has dedicated therapeutic recreation staff members, including a certified nursing assistant, specifically assigned to the dedicated unit. The Therapeutic Recreation staff engages residents in programs including reading, exercise, trivia, barbecues, and arts and crafts including painting, clay projects, bingo and cooking.

Family members are welcome and encouraged to volunteer and be active participants at Medford Multicare Center for Living.

Medford Multicare Center for Living also provides short-term restorative rehab, skilled nursing, long term geriatric services, respiratory care services and has a dedicated ventilator unit.

For further information, or to tour our facility, please call 631-730-3000 or visit www.medfordmulticare.org. Medford Multicare Center for Living is conveniently located at 3115 Horseblock Road in Medford, NY, right off LIE exit 64.
